## acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

Printing date: July 07, 2017

Revision: July 07, 2017

## Trade name: Non-Flammable Buffing Solution

(Cont'd. of page 1)

•	Precautionary sta	itements:
	P261	Avoid breathing dust/fume/gas/mist/vapors/spray
	P264	Wash thoroughly after handling.
	P271	Use only outdoors or in a well-ventilated area.
	P272	Contaminated work clothing must not be allowed out of the workplace.
	P280	Wear protective gloves/protective clothing/eye protection/face protection.
	P302+P352	IF ON SKIN: Wash with plenty of water.
	P304+P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
	P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if
		present and easy to do. Continue rinsing.
	P308+P313	IF exposed or concerned: Get medical advice/attention.
	P312	Call a POISON CENTER/doctor if you feel unwell.
	P333+P313	If skin irritation or rash occurs: Get medical advice/attention.
	P337+P313	If eye irritation persists: Get medical advice/attention.
	P362+P364	Take off contaminated clothing and wash it before reuse.
	P403+P233	Store in a well-ventilated place. Keep container tightly closed.
	P405	Store locked up.
	P501	Dispose of contents/container in accordance with local/regional/national/international regulations.

## 3 Composition/information on ingredients

## · Chemical characterization: Mixtures

## · Components:

components.	
79-01-6 trichloroethylene	>70%
Muta. 2, H341; Carc. 1B, H350 Skin Irrit. 2, H315; Eye Irrit. 2A, H319; Skin Sens. 1B, H317; STOT SE 3, H336	
1330-20-7 xylene	20-30%
<ul> <li>Flam. Liq. 3, H226</li> <li>Acute Tox. 4, H312; Acute Tox. 4, H332; Skin Irrit. 2, H315</li> </ul>	
• Additional information: For the wording of the listed Hazard Statements refer to section 16.	

## 4 First-aid measures

## <sup>•</sup> Description of first aid measures

#### · General information:

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

#### • After inhalation:

Supply fresh air; consult doctor in case of complaints.

Provide oxygen treatment if affected person has difficulty breathing.

In case of irregular breathing or respiratory arrest provide artificial respiration.

In case of unconsciousness place patient stably in side position for transportation.

## · After skin contact:

Take off contaminated clothing.

Immediately wash with water and soap and rinse thoroughly.

If skin irritation continues, consult a doctor.

(Cont'd. on page 3)

acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

Printing date: July 07, 2017

Revision: July 07, 2017

Trade name: Non-Flammable Buffing Solution
(Cont'd. of page 2)
· After eye contact:
Remove contact lenses if worn.
Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
· After swallowing:
Rinse out mouth and then drink plenty of water.
Do not induce vomiting; immediately call for medical help.
A person vomiting while lying on their back should be turned onto their side.
• Most important symptoms and effects, both acute and delayed:
Headache
Breathing difficulty
Coughing, dizziness, if inhaled.
Irritant to skin and mucous membranes.
Allergic reactions
Causes eye irritation.
Gastric or intestinal disorders when ingested.
Nausea
Disorientation
· Danger:
Danger of impaired breathing.
Vapours may cause drowsiness and dizziness.
Danger of disturbed cardiac rhythm.
May be fatal if swallowed and enters airways.
May cause cancer.
Suspected of causing genetic defects.
Indication of any immediate medical attention and special treatment needed:
Monitor circulation, possible shock treatment.
If necessary oxygen respiration treatment.
5 Fire-fighting measures

## · Extinguishing media

• Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water.

- For safety reasons unsuitable extinguishing agents: Water
- Special hazards arising from the substance or mixture

During heating or in case of fire poisonous gases are produced.

## <sup>•</sup> Advice for firefighters

Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

Additional information: Evacuate area and fight fire from from the upwind side.

## 6 Accidental release measures

• **Personal precautions, protective equipment and emergency procedures** Use respiratory protective device against the effects of fumes/dust/aerosol. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation.

(Cont'd. on page 4)

## acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

Printing date: July 07, 2017

Revision: July 07, 2017

Trade name: Non-Flammable Buffing Solution

(Cont'd. of page 3)

#### Keep people at a distance and stay upwind. • Environmental precautions

Do not allow to enter sewers/ surface or ground water.

Inform respective authorities in case of seepage into water course or sewage system.

#### Methods and material for containment and cleaning up

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Send for recovery or disposal in suitable receptacles.

#### **Reference to other sections**

See Section 7 for information on safe handling.

- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

## 7 Handling and storage

### · Handling

Precautions for safe handling:

Prevent formation of aerosols.

Avoid splashes or spray in enclosed areas.

Use only outdoors or in a well-ventilated area.

Information about protection against explosions and fires:

Keep respiratory protective device available.

Conditions for safe storage, including any incompatibilities
 Storage

· Requirements to be met by storerooms and receptacles:

Avoid storage near extreme heat, ignition sources or open flame.

Store only in the original receptacle.

Information about storage in one common storage facility:

Store away from foodstuffs.

Store away from flammable substances.

Do not store together with oxidizing and acidic materials.

- Further information about storage conditions: Store in cool, dry conditions in well sealed receptacles.
- Specific end use(s) No relevant information available.

## 8 Exposure controls/personal protection

### · Control parameters

· Components	with limit values that require monitoring at the workplace:

## acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

Printing date: July 07, 2017

Revision: July 07, 2017

		(Cont'd. of page 6
Melting point/Melting range:	Not determined.	
Boiling point/Boiling range:	87 °C (189 °F)	
Flash point:	Not applicable.	
Flammability (solid, gaseous):	Not applicable.	
Auto-ignition temperature:	410 °C (770 °F)	
Decomposition temperature:	Not determined.	
Danger of explosion:	Product does not present an explosion hazard.	
Explosion limits		
Lower:	1.1 Vol %	
Upper:	90.0 Vol %	
Vapor pressure at 20 °C (68 °F):	77 hPa (58 mm Hg)	
Density at 20 °C (68 °F):	1.32 g/cm³ (11.015 lbs/gal)	
Relative density:	Not determined.	
Vapor density:	Not determined.	
Evaporation rate at 20 °C (68 °F):	> 1 (Butyl Acetate = 1)	
Solubility in / Miscibility with		
Water:	Not miscible or difficult to mix.	
Partition coefficient (n-octanol/wate	r): Not determined.	
Viscosity		
Dynamic:	Not determined.	
Kinematic:	Not determined.	
Other information	No relevant information available.	

## 10 Stability and reactivity

· Reactivity: No relevant information available.

- · Chemical stability:
- Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

Possibility of hazardous reactions

Reacts with strong acids and oxidizing agents.

Toxic fumes may be released if heated above the decomposition point.

· Conditions to avoid Store away from oxidizing agents.

· Incompatible materials No relevant information available.

<sup>•</sup> Hazardous decomposition products

Carbon monoxide and carbon dioxide

Chlorine compounds

Chlorine

(Cont'd. on page 8)

## acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

Printing date: July 07, 2017

Revision: July 07, 2017

## Trade name: Non-Flammable Buffing Solution

(Cont'd. of page 7)

· Acute to	•	
	0 values that are relevant for classification:	
	trichloroethylene	
	LD50 2402 mg/kg (mouse)	
	LD50 8450 mg/kg (mouse)	
	-7 xylene LD50 4300 mg/kg (rat)	
	LD50 2000 mg/kg (rabbit)	
	skin: Irritant to skin and mucous membranes.	
	eye: Irritating effect.	
	ration: Sensitization possible through skin contact.

79-01-6	trichloroethylene	2
· NTP (Na	ational Toxicology Program):	
•	trichloroethylene	
· OSHA-C	Ca (Occupational Safety & Health Administration):	
None of	the ingredients are listed.	
	e route(s) of exposure:	
Ingestio		
Inhalatio		
Skin cor		
	ffects (acute toxicity, irritation and corrosivity):	
	skin and eye irritation.	
	ise drowsiness or dizziness.	
	ed dose toxicity: Danger of very serious irreversible effects.	
	ell mutagenicity: Suspected of causing genetic defects.	
	genicity: May cause cancer.	
	uctive toxicity: Based on available data, the classification criteria are not met. ingle exposure: May cause drowsiness or dizziness.	
	epeated exposure: Based on available data, the classification criteria are not met.	
	on hazard: Based on available data, the classification criteria are not met.	

<sup>·</sup> Toxicity

• Aquatic toxicity The product contains materials that are harmful to the environment.

- Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.

• Mobility in soil: No relevant information available.

(Cont'd. on page 9)

acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

Printing date: July 07, 2017

Revision: July 07, 2017

### Trade name: Non-Flammable Buffing Solution

(Cont'd. of page 8)

## <sup>•</sup> Additional ecological information

## · General notes:

Due to available data on eliminability/decomposition and bioaccumulation potential prolonged term damage of the environment can not be excluded.

Do not allow product to reach ground water, water course or sewage system, even in small quantities.

## Results of PBT and vPvB assessment

- · PBT: Not applicable.
- **vPvB:** Not applicable.

· Other adverse effects No relevant information available.

## **13 Disposal considerations**

## <sup>·</sup> Waste treatment methods

### · Recommendation:

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

## <sup>·</sup> Uncleaned packagings

• Recommendation: Disposal must be made according to official regulations.
