

17-44000

## SUPPLEMENTAL PLACARD LABEL

The Smart Sensor ELITE Tool allows you to adjust the placard values on certain vehicles. When doing so, a supplemental placard label should be placed on the driver's door jamb for future reference.

- High quality polypropylene film material suitable for outdoor applications.
- Label is 3.5" wide by 2" tall
- Keep track of adjusted placard pressure values for future reference
- Adheres to the driver's door jam
- Roll of 100 labels
